

# ADULTS FOR FUTURE

## THE PROJECT

### >>> WHAT IS ADULTS FOR FUTURE?

Adults For Future is a European project created to involve adults people in ecological practices through activism. Furthermore, the project intends to support educators who work with the elderly with dynamic and innovative tools.

### OUR WAY TO PORTO!

Educators of the participating countries took part in an exciting training in Porto, Portugal in November 2023.

The aim of this training was to test and improve our skills as educators for adults people in their involvement in practices ecological.

During the training educators could discuss the educational methodology to be adopted, proposing activities to introduce into the different programs.
